Getting your kids to the dentist shouldn't be like, well, like pulling teeth.

At Kids Little Smiles, we believe it should be a place where children want to go. So our dentists have created a fun, comfortable atmosphere in our playland waiting lounge and our open exam areas. Just walk through our doors and you'll see kids sliding down our slide, battling away in our free arcade room and working on their homework at our free internet station. Patients earn Kids Cash to purchase toys (scooters, dolls), games (Wii, Playstation) and learning tools (books, Leap Frog) at our Kids Cash store. But it's all for the oral health of the kids.

Our four doctors, including our pediatric dentist, emphasize preventive care. Our attentive teams take time to show kids how to brush, floss and take extra good care of their teeth. Parents will feel confident in our teams who also take time to talk, explain and answer questions. We also offer orthodontics, Invisalign, root canals, and oral and I.V. sedation. We see patients as early as newborn through age 20.

Kids Little Smiles is owned and operated by Dr. Charles J. Lucero, Dr. Mike Kort, and Dr. Nate Urquhart, with Dr. Nate Porter also working in our four offices in Mohave County. We will be opening a fifth office in the spring at The Shops In Havasu.

With most of the owners having grown up in Mohave County, they have returned to the area because they love their hometown. All the dentists are committed to our patients and to supporting all our communities.

Kids Little Smiles is working with Mohave County Libraries to host Storytime at the Golden Valley Library every Thursday through from 10:30-11:30 a.m. We are providers for many insurance companies, including ACCCHS and hotel/casino businesses, and we work great with most insurance companies. Feel free to call or just stop in for a quick arcade game or to a slide down the slide. Getting your kids to the dentist won't be difficult. Getting them away from our offices just might be.
