Edwardjones.com

For more than 50 years, Edward Jones has brought Wall Street to Main Street in communities across the country. Edward Jones' one-broker office strategy runs counter to that of virtually every other major securities firm in the United States and has helped fuel remarkable growth for the company. Revenue has grown from \$16 million in 1977 to more than \$4 billion annually. With more than 10,000 branch offices in all 50 states and, through affiliates, in Canada and the United Kingdom, Edward Jones' growth has been extraordinary.

Edward Jones got its start in 1922 when Edward Jones Sr. founded the firm that bears his name.

Until the 1950s, Edward Jones was typical of most New York Stock Exchange firms. In the 40s and 50s, the financial advisors from Edward Jones were called "TNT brokers" because they traveled the countryside surrounding the company's office in St. Louis from Tuesday until Thursday, serving our clients.

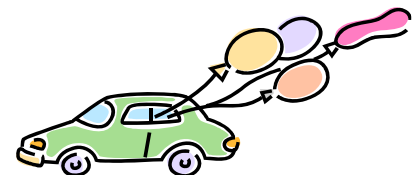

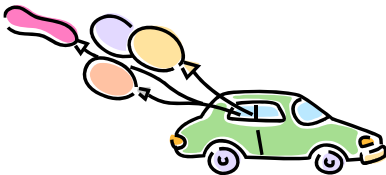

I graduated from Indiana University in the spring of 2001. Majoring in Public Financial Management, I moved to Phoenix and worked in the second home office for Edward Jones in Tempe. My wife Allison and I knew that Phoenix was not where we wanted to live and raise a family, so we moved to Kingman and I opened, what is now the 3rd Edward Jones office in February 2005. Both my wife and I have enjoyed being involved in the community in many ways, and now we are raising our 2 son's here. I have enjoyed being a part of the community. We are proud to provide tools and teaching for all investor's in our town in a face to face setting. My Branch Office Administrator, Jackie and I look forward to helping our clients implement individualized financial plans. We communicate on a regular basis with our clients regarding current events and issues related to the industry and our firm.

Call us to schedule a no cost, no obligation review at 928-629-1113 or stop by our office at 3880 Stockton Hill Road, Ste. 107, We are located in the Home Depot Plaza. We look forward to meeting with you.
